

Strengthen Compliance and Showcase Your Business

Manage your certifications, boost your visibility and win more work with our Compliance Management solution.

The screenshot displays the Compliance Chain software interface. At the top, two callout boxes highlight specific certifications: **SSIP** (Compliance Chain SSIP) and **CAS** (Compliance Chain CAS). The main dashboard features a navigation sidebar on the left with options like Home, Dashboard, Projects, Reports, and Solutions. The central area shows a 'Compliance Chain' header with status 'Active', membership level 'Premium', and expiry date '11/12/20'. Below this are several key performance indicators (KPIs) in dark blue cards: 'Assessment Expiry Date' (16 Days, Expiry: 11/12/26), 'Questions Due to Expire' (1), and 'Questions Rejected' (2). A grid of certification status cards follows, including 'Identity' (100% Completed), 'Financial Information' (100% Completed), and 'C & P Standing' (100% Completed). At the bottom, there are sections for 'Certifications', 'Health & Safety', 'Environmental', and 'Quality Management'.

Start Your Journey Today

Sign up and start elevating your profile.

Compliance Management gives you a clear, structured way to **manage compliance and showcase your business** with confidence. Keep certifications and documents up to date, build a profile clients can find and trust, and access opportunities to grow.

- 1 Register with Compliance Chain
- 2 Browse your certification options
- 3 Submit evidence for verification
- 4 Start elevating your opportunities & growth

The screenshot shows a dark blue interface with a 'Memberships' tab. Below the tab, it says 'Choose From' and offers two options: 'Basic' and 'Premium'. Below this, it says 'Add Your Certifications' and provides a description: 'As an Assessment Body, we assess & certify your business across a suite of industry-recognised standards, helping you demonstrate credibility, commitment, and compliance in one place.' At the bottom, there are three logos: Core Certification (an infinity symbol), SSIP Certification (the letters SSIP with a ribbon), and CAS Certification (the text 'common assessment standard' with a stylized wave logo).

The screenshot displays the Compliance Chain software interface. On the left is a dark blue sidebar with navigation options: Home, Projects, Reports, Solutions (Compliance Management, Performance Management, Social Value Management, Supply Chain Management), Help and Support, My Account, and What's New. The main content area shows a business profile for 'Compliance Chain Ltd' with a 'Business Description' and a 'Business Details' table. A map of Liverpool is visible in the top right corner.

Business Description

Compliance Chain is a digital software solutions company that empowers organisations to manage regulatory compliance with efficiency and confidence. Through innovative technology, we streamline complex processes, enhance transparency, and reduce risk across industries.

We help public and private sector teams work more transparently, more efficiently, and more competitively – while meeting rising expectations around compliance, performance and impact.

From pre-construction through to post-delivery, we provide the tools to do things properly – and prove it.
