

Demonstrate Your Social Value Impact

Accurately track, measure and report impact with our Social Value Management solution.

Plan, Monitor & Evidence Your Social Value Delivery

Manage, programme and report your Social Value using an accredited UK Government-aligned platform.

The image displays three overlapping screenshots of the Compliance Chain software interface, illustrating its capabilities in managing and reporting social value delivery. The interface is designed for project management and includes a dark blue sidebar with navigation options such as Home, Dashboard, Projects, Reports, and various Solutions (Business Management, Social Value Management, Supply Chain Management, Performance Management). The main content area shows a project overview for "00. School Extension Merseyside" with a Project Reference Number of 123456789. Key features include:

- Dashboard:** Displays metrics like "Growth" with a value of £20k Generated and "Environment" with a green leaf icon.
- Social Value Management:** A dedicated section for tracking social value, showing "Opportunity" and "Wellbeing" metrics, both with £20k Generated values.
- Programme View:** A Gantt chart showing the timeline of social value delivery from 2025 to 2026. The chart includes categories like Growth, Environment, Community, Opportunity, and Wellbeing, with progress bars indicating completion percentages (e.g., 100%, 50%, 20%, 100%, 50%).

Additional visual elements include a large blue pound sign icon (£) in the upper right, a blue gear icon in the lower right, and a circular badge in the bottom right corner that reads "Accredited Software SOCIAL VALUE INTERNATIONAL" with a checkmark icon.

The screenshot shows the Compliance Chain software interface. The sidebar on the left contains navigation options: General (Home, Dashboard, Projects, Reports), Solutions (Business Management, Social Value Management, Supply Chain Management, Performance Management), and Help & Support (Contact & Support). The main content area is titled '00. School Extension Merseyside' and shows 'Status: Live Construction' and 'Project Reference Number: 123456789'. The 'Social Value Management' tab is active, displaying three cards for Growth (£19k Generated), Environment (£15k Generated), and Community (£35k Generated). A modal window titled 'Target, Progress & Activity' is open, showing fields for Start Date, End Date, Unit, Proxy Value, Target, Target Value, Aspirational Target, and Target Description, with a Submit button.
